

# Year 2

## Summer 2

The topic this half term is called **Toys**. It is based around the **history** topic of 'toys' in which we will observe and describe how have toys changed over the years? In **Science** we will be continuing to study plants and we will observe and describe how seeds and bulbs grow into mature plants and find out how plants need water, light and a suitable temperature to grow and stay healthy

In our **maths**, we will be continuing our work in addition and subtraction using the column method to add and subtract numbers to 1000. In our **English** lessons, we will be basing our work around the story 'Rosie Revere the engineer' by Andrea Beaty .We will be immersing ourselves in the text in order for us to write our very own inventing narrative. In **Re** we will building on our work around Pentecost and spreading the Good news of the Gospels. We will be studying the gift of Holy Spirit and how it strengthens Christians to share in the mission of the Church by spreading the Good News of the message of love of the risen Christ

### Reminders

- Our PE day are Wednesday and Friday
- Please ensure children bring their reading book to school every day.
- Times Table Rockstars- Every child should be having a go everyday as it is a fun way to help children practise their times tables and related division facts
- Please ensure your child's uniform is fully labelled.
